# Date Derivatives

*Dates are our core business*

## Sourcing & Availability

- High-quality **organic and conventional date derivatives**, sourced directly from the **Middle East and North Africa**.
- *Dates are our core business*, with **constant availability on stock**.

## Functionality & Applications

- Clean-label, **plant-based alternatives** to refined sugar and synthetic binders.
- Natural functionality as **binders, humectants, bulking agents** and **flavour enhancers**.
- Serving **baked goods, confectionery, healthy snacks, supplements** and **cosmetics manufacturers**.

## Quality & Compliance

- Consistent quality, technical reliability and sustainability at scale.
- Products analyzed by accredited EU laboratories.
- Full compliance with **applicable EU food regulations**.

## Date Paste

- **Date Paste** is a homogeneous, **ready-to-eat paste** produced from 100% whole dates with **no added preservatives, additives, colours, or flavours**. The product is characterized by a typical sweet date flavour.
- Dates are **sorted, brushed, and washed**, then mechanically processed to achieve a uniform, smooth consistency and no detectable foreign material, supporting clean label formulations application.
- **Microbiological quality** is monitored to support industrial use.

## Date Syrup

- **Date Syrup** is a **concentrated high-soluble-solids date-derived sweetening** ingredient manufactured from 100% dates through controlled aqueous extraction and filtration, followed by thermal concentration to achieve a pourable, homogeneous syrup. It contains no added preservatives, colours, flavours, or processing aids and is designed for **clean-label formulations where sweetness, colour development, and flavour rounding are required**.
- The syrup provides **natural sweetness** with a characteristic caramel/date profile. It also contains naturally occurring minerals (e.g., potassium and magnesium)

📍 **Origin:** UAE, Tunisia, Iran

📦 **Package:** 25kg in pail (bucket), 280kg Drums, 1400kg IBC  
Retail format: 500g PET bottle

🏷️ **Label:** Private-label, white-label

## Date Powder

- **Date Powder (Date Sugar)** is a natural sweetener made from 100% dates, with **no added sugars, carriers, or preservatives**. Whole dates are pitted, milled, gently dried, and sieved to ensure consistent moisture, flowability, and uniform particle size.
- Date powder delivers **natural sweetness** with a **mild date/caramel note** and can contribute colour development in baked systems.
- It is suitable for dry blending (premixes, bakery mixes), baked goods, desserts, and selected beverage or sauce applications where dispersion is managed.
- 📍 **Origin:** UAE, Tunisia,
- 📦 **Package:** Food-grade, Bag-in-box: 10kg, 12.5 kg, 20kg, 25kg
- 🌱 **Quality:** Certified organic & Conventional

## Date Seeds Powder (*NEW*)

- Date Seeds Powder (Date “Coffee”) is a **roasted and milled ingredient** made from 100% date pits, used as a naturally **caffeine-free** coffee alternative or flavouring.
- The pits are washed, roasted, ground, and sieved to ensure consistent colour, flavour, and extraction. Roasting develops a **toasted, nutty, cocoa-like profile** while supporting good flowability and shelf stability.
- It contains no **added sugars, additives, or preservatives** and is suitable for **beverages, dry mixes, bakery, confectionery, and nutrition applications**.
- 📍 **Origin:** Tunisia,
- 📦 **Package:** Food-grade, Bag-in-box: 10kg, 25kg
- 🌱 **Quality:** Certified organic & Conventional

# Dates

High-quality, organics or conventional whole date products

- **Pitted Dates** are whole dates with the stone removed, carefully cleaned and sorted for consistent quality.
- Naturally sweet with a rich caramel-like flavour and soft, chewy texture, they contain **no added sugar, preservatives, colours, or flavours** and are ideal for snacking, baking, confectionery, snack bars, and fruit blends.

📍 **Origin:** Tunisia, Algeria, Pakistan

📦 **Package:** Food-grade  
Bag-in-box: 9kg, 10kg, 12.5kg

🍯 **Variety:** Deglet Nour, others

🌿 **Quality:** Certified organic & Conventional

- **Chopped Dates** are made from **whole natural dates** that are pitted, sorted, and mechanically chopped to a defined cut size.
- The pieces are lightly dusted with rice flour to reduce stickiness and improve flowability.
- Key quality attributes include **uniform cut size, controlled moisture, consistent colour and flavour, absence of pitfragments**, and compliance with microbiological criteria for food use.
